Summary

Full Stack Developer with 3+ years of experience building scalable web applications using PHP/Laravel and Angular. Skilled in designing RESTful APIs, implementing efficient database structures, and developing responsive, user-friendly interfaces. Strong in both backend logic and frontend performance optimization, with a focus on writing clean, maintainable code. Thrives in Agile teams and passionate about delivering end-to-end solutions that enhance user experience and business efficiency.

Work Experience

Software Engineer, iTWINE Technologies

April 2022 – Present

- Developed and maintained complex Angular applications featuring dynamic dashboards.
- Created reusable components and implemented lazy loading to enhance performance.
- Integrated RESTful APIs and ensured efficient data handling using RxJS.
- Collaborated with UX/UI designers and backend developers within Agile teams.
- Using PHP, Laravel and MySQL, built user authentication and efficient backend logic.
- Handled exceptions and debugged Laravel/PHP code using Laravel's debugging tools.

Key Achievements:

- Enhanced speed and efficiency by 30% through strategic use of lazy loading and change detection.
- Built a reusable Angular/React component library used across 5+ internal projects.
- Ensured cross-browser compatibility and responsive design across 10+ devices.
- Develop and optimized RESTful APIs in Laravel/PHP & Node.js, reduced data processing time by 40%.
- Reduced customer complaints related to UI bugs by 50% after redesign implementation.
- Implemented authentication & authorization in PHP, ensuring secure control across multiple user.

Software Development Trainee, Technogise Private Limited

Oct 2021 – Mar 2022

- Developed responsive UI components using React.js, Bootstrap, and Tailwind CSS.
- Built reusable components & hooks while integrating Node.js APIs for dynamic data handling.

Key Achievements:

- Delivered a full-stack React.js + Node.js, e-commerce project from scratch within 6 weeks.
- Implemented user authentication with Node.js backend and JWT/Session.

Technical Skills

HTML, CSS, Javascript, Angular, React JS, PHP, Laravel, NodeJS, Express JS, MySQL, MongoDB, Docker

Education

B.Tech in Computer Science, R P Sharma Institute Of Technology, Patna

CGPA : 8.19

Aug 2017 – Sept 2021

Class 12th, K.S.T College, Nalanda

Percentage : 71.8%

May 2014 – Jun 2016

Certifications

Software Development Trainee and Web application Development at Technogise Private Limited
